

Happy Scrapper January Newsletter

My email and my Internet service has not been working properly (mostly, not at all) so the newsletter is by text this month.

First, happy new year everyone. May you never break a needle and your rotary blade never go dull.

A big thank you to Helen for hosting our Christmas party. Her preparations always make us feel so special.

Our meeting this month is January 11 at Carolyn Slack's house. She is feeding us, I think, gumbo. I'll send another text with the time and whether or not you need to bring anything.

Bring show and tell and be prepared with some ideas for an exchange this year. Also, it's not too early to start thinking about our next quilt for the next quilt show.

Linda A quilted the Dresden plate quilt for us and did a beautiful job. It should be at the meeting for everyone to see. Thank you so much, Linda. Carolyn did the binding. Thank you, Carolyn.

I can't think of anything else. Whatever I've forgotten to mention, post as a comment. In fact, Carolyn, post in comments the time and what you want us to bring.

Happily yours,

Carol
